Policy and Procedure:

Introduction:

The IQAC works as an intermediary and catalyst between Teaching and administrative staff and the head of the institution who chalks out the policies and lay down the procedure to accomplish and meet the quality benchmark stotted for the benefit of its stake holders and smooth functioning of the institution.

IQAC chalks out the perspective plan for the long-term goals to be achieved and strategic plan and plan of action is prepared as short term goals in the beginning of the every academic year and the same is reflected in the academic calendar of the college to implement throughout the year. IQAC takes care of the quality policies to be implemented rigorously, and based on the continuous monitoring and suggestions it prepares in the end of the academic year action taken report to communicate the quality initiatives and to evaluate significant contribution given throughout the year.

The policy and procedure at a glance:

• IQAC calls quarterly meetings
